NORMAL SCHOOL NEWS

PUBLISHED WEEKLY BY THE STUDENTS OF THE EASTERN ILLINOIS STATE NORMAL SCHOOL

VOL. 2

CHARLESTON, ILLINOIS, TUESDAY, SEPT. 12, 1916

NO. 1

PROSPECTS ARE VERY BRIGHT

Many Old Players Returning and Foot Ball Men Predict Good Team

Coach Lantz will have some good material with which to make a winning foot ball team this fall. Practically all of last years team will be back. Captain Schahrer at right tackle, "Rocky" Hampton at quarter, Markle at center, Edgington and "Steve" Turner in the back field, and Wm. Turner at guard makes practically a whole team for a foundation.

Men who were not in school the past year, but have played on Normal school teams before and will be back this year are: Highsmith, the 190 pound lineman, who played left guard in 1913, should be able to play a star game at tackle. Houser, one of the best ends we ever had, will probably return. Bigler, who was unable to play a good part of the time last year because of injuries, will probably be back, and is in good condition. Hawkins, who played at left end in 1914, will be out for the team again this fall.

Some prospective players are: Moran, of Arcola, a crack man at the pivot position and an excellent full back, may enroll this week. Hughes, a former Green-up high school star at the full back position, is thinking of entering school. Lawrence, who played on the University of Missouri freshman team last year, is here and will probably be out for practice.

These men, with any unknown athletes we are so fortunate as to draw, should be able to compete successfully with any eleven in the conference. Practice began yesterday and will continue until the Thanksgiving game at Millikin.

Come out and help make a winning team this year.

S. B. Moore has moved his family from Humbolt to Charleston in order to give his children the advantage of the Normal school.

Olive Boulware, Elizabeth McNutt and Gertrude Feagan, all graduates of the Charleston high school, have entered school.

Faith Wilkinson has returned to resume her studies in the Normal school after spending her vacation near Mt. Carmel.

ALBERT LIVINGSTON DEAD

Albert Livingston, who was for thirteen years chief engineer at the Normal school, died at his home, 1203 Second street, Friday night. Mr. Livingston died after a six weeks illness, dropsy being the chief cause.

The funeral services were held at the residence Sunday afternoon at 2:30. Rev. Mr. John McD. Horne conducted the services, assisted by Mr. L. C. Lord, President of the Eastern Illinois State Normal School. Burial took place at Mound Cemetery.

Mr. Livingston was well known among the students and faculty of the school. He was a very capable and dependable engineer during his thirteen years at the school, and his death is deeply regretted by everyone.

AGRICULTURE COURSE

The demand for a course in agriculture has led to the addition of a rather extensive course in that subject. The large south room on the third floor of the model school building has been fitted up and furnished with all the necessary apparatus for carrying on the laboratory work. The work is outlined in such a way that the student may carry four years in agriculture. Any one interested in this particular work will do well to investigate this course.

FOOT BALL SCHEDULE

Sept. 30, Arcola or Villa Grove at Charleston.

Oct. 6, Illinois College at Jacksonville.

Oct. 13, Illinois Wesleyan U. at Charleston.

Oct. 21, St. Viator College at Kankakee.

Oct. 28, Blackburn College at Charleston.

Nov. 4, Lincoln College at Charleston.

Nov. 11, Home Coming, Southern Ill. Normal at Charleston.

Nov. 18, Normal University at Normal.

Nov. 30, Millikin University at Decatur.

Ray Sparrow, of Mechanicsburg, has entered school.

Cloral McComas, of Hidaigo, is a new student in school.

Inez Hopson, of Taylorville, has entered school as a junior.

Nova Herriot, of Mahomet, has entered school as a sophomore.

Floyd Miller, a graduate of the Paris high school, has entered school.

Nellie Gilbert, of Gays, is a member of the ninth year class this year.

CAPT. SCHAHRRER RETURNS

Martin Schahrer, who has spent the summer in the west, returned last Friday that he might assume the responsibilities of being a senior today. Mart has been working in the Kansas harvest fields and will be toughened to stand foot ball practice. Mr. Schahrer was chosen captain of the foot ball team and if he commands the team as well as he commands his position at right tackle, opposing teams can only hope to keep the score as low as possible.

NEW FACULTY MEMBERS

There are a number of new faculty members this year. Mr. Daniels will teach English. Mr. Roderick, English. Mr. Carey, geography.

Miss Service will teach seventh grade in the Model school.

Miss Davis will teach reading.

Miss Stanley will take Miss Pletcher's place as assistant librarian.

Miss Gifford has taken Miss Dott's place as drawing teacher.

Miss Smith has returned after a year's leave of absence to resume her position as history teacher.

Orain and Clyde Leathers, of Olney, have entered the ninth year course.

Florence Taubeneck, a cousin of "Tauby," of Marshall, has entered school.

Edward Hood, of Arcola high school, is here this year and will be out for the team.

Ralph Mussett, a former student, will finish his course in the Normal school this year.

Margaret Feagan, a graduate of the Charleston high school, has entered the Normal school.

Fay Mann and Rowena Martin, of Allenville, arrived yesterday and enrolled for the regular five year course.

Loel and Nellie Zehner, graduates of the Lawrenceville high school, have entered school for the coming year.

Ray Meeker, '08, who has finished his graduate work at the University of Chicago, will teach gross anatomy at the University of Illinois this year.

Gus Waible, a Charleston boy, employed at Toledo, O., who has been thinking of coming in this year, will probably enter school not later than Wednesday. He played on the Frankfort, Ind. Independent foot ball team last year, and will come out for a back field position on the Normal school team.

TO OUR READERS

Our merchants are very loyal in supporting this paper. Students will be conferring a favor upon the NORMAL SCHOOL NEWS if when shopping they will buy from our advertisers. We ask the support of the faculty and students. Help us to make the school paper a good paper. Subscribe early in the term and boost for the NORMAL SCHOOL NEWS.

LARGE ENROLLMENT

The enrollment promises to be larger this year than last judging from the lines of students which extended through the corridors and out of the main entrance waiting to pay their fees and register.

CAME BY AUTO

Many people came to school this year by automobile. The inter-urban and railroad trains did not haul as many passengers as in former years. This is accounted for by the fact that many came in cars accompanied by friends or relatives who took this opportunity to visit the school.

Moran, of Arcola, has arrived and bids fair to fulfill the most ardent hopes of the foot ball fans. With his 220 pounds of beef he should be able to crush any opposition, and since he can carry the ball and is also a good punter he should add greatly to Coach Lantz's gridiron aggregation.

Some improvements have been made in the engine rooms of the power plant. New brick arches have been built over the boilers and a new south wall has been added to the fire box of boiler No. 4.

Elliott, a star half back on the Mattoon high school, last year entered school today. While he looks very small beside the big giant Moran, he is a proven player and will fill in where we need seasoned players most.

Earl Thompson, of Chicago, a student here in 1913, is visiting school friends. He is working in Chicago and attending school.

Classes will meet Wednesday and assignments will be made. The work will start in earnest on Thursday, as by that time all enrollments and classification will probably be ended.

The sale of athletic tickets began this morning and many took advantage of the opportunity to become members of the athletic association. Everybody join.

There can be no question about
our school being first class.

Our buildings and grounds are
beautiful, our class rooms are
well equipped, and our faculty
has been carefully chosen. Ev-
erything is ordered with a view
to the greatest possible efficiency.

Since everything is complete
and well regulated, what is there
left to be desired? More students
is what we want. Let's have a
thousand. How can we make
our numbers larger? By boost-
ing. Boost everything. Tell
people about the efficient work
done in our class rooms. Boost
our buildings and grounds. Boost
Pemberton Hall and the excellent
way in which it is managed. Tell
your friends about the advan-
tages to be had at our school.

Don't forget to boost at all
times. One of the chief reasons
for the success of mercantile es-
tablishments is because of the
boosting of the friends of the
business. Those in charge of a
business proposition boost every
chance they have. Advertise-
ment is one of the chief methods
of getting business. The best
method of getting students is by
advertising. Our school is well
advertised by those in charge of
that part of the work. But, the
storekeeper says the best adver-
tisement is a well satisfied cus-
tomer. Our best school advertise-
ment is well satisfied and efficient
students. So it is our duty to
our school to boost anything that
brings our school to the notice of
the general public. If our stu-
dents turn out to be exception-
ally good teachers that is a lift
for the school. If our foot ball
team wins the championship of
the conference, that is good ad-

vertisement. If The Normal
School News succeeds in its aim
of promoting the general welfare
of the school and aids in a closer
relationship of the students and
alumni, it too serves as a factor
in boosting the school.

Let us have for our watchword
"the Normal school forever, and
a thousand strong."

Push! Boost!! Put your
shoulder to the wheel and all
push together.

THE NORMAL SCHOOL NEWS
is published for the purpose of
promoting the general welfare of
the Eastern Illinois State Nor-
mal School and keeping former
students, Alumni and Faculty in
touch with that Institution. We
honestly desire to make the
News of the greatest possible
value to our subscribers. Any
suggestions for the improvement
of the paper will be received
kindly by the management.

Talk about the things that
makes one feel good, that van-
ishes the wrinkles from the fore-
head, and makes us glad through
and through. We are looking
for something that beats regis-
tration day and the hearty hand
clasp of classmates we have not
seen since spring vacation.

"HIRED LABOR" ATHLETICS

All deserving students who do not have the means of paying for an education should be given an opportunity. This does not mean that some individual or the school should pay his way free gratis. This is sometimes done because the student happens to be particular good in some branch of athletics. It would seem that paid athletics should be condemned by all right thinking people. The little Eighteen Conference of Minor Colleges, of which our school is a member, forbids the paying of money to athletes by the college. Yet we know of one school that yearly sends out a representative to procure athletes through the promise of a job that will pay his way. If the student proves to be a good athlete he has a soft snap indeed. In one case a young man received board, room and tuition for the service he rendered the institution by handing out athletic goods. Of course the method of evading the contract entered upon by that school was anything but laudable. It is such things that lower athletics to the plans of mere hired labor.

Mr. Taylor spent a large part of his vacation in fishing. Judging from the large shipments of game fish Mr. Taylor sent to his friends, the lakes of northern Michigan will have to be restocked before another nimrod of his capacity fishes there.

Earl Thomason, who was in school here in 1913, is visiting friends here this week.

Regina Laughlin, Mercede Hoag, Nellie Chamberlin, Zela Winkle-black, Julia and Loretta Fields, and Esther Kelo, all Mattoon high school graduates, will enter the Normal school this fall.

Dorothy Ricketts, who has been ill from an attack of typhoid, is slowly recovering, but was unable to assume her duties as teacher in the city schools. Mrs. Orla Jack will take Miss Rickett's place until she is able to teach.

Ernest Bails, former business manager of the Normal School News, visited home folks here last Sunday. "Pernie" has a position as teacher of manual training in the Tuscola schools. He reports his work as progressing nicely.

Bruce Corzine is in Evanston this year where he has taken up the duties as apprentice superintendent of the Evanston schools. The Evanston superintendent, who is aged, wishes to retire. Mr. Corzine will then take up the responsibilities of his office.

Opal Bensley, a member of the graduating class of '16, was unable to begin her work as principal of the Windsor schools because of a severe attack of appendicitis. Miss Bensley is improving very rapidly, however, and will probably assume her duties at an early date.

PERSONAL

Cecil Wilkinson, '14, left today
for Urbana to take up the study of
agriculture.

Subscribe for The Normal School
News. \$1.00 for the school year,
mailed to any address.

From present indications this
year's junior class will be the largest
in the history of the school.

Miss Dorothy Fox, '17, has again
entered school. She brought with
her, Marjorie, her younger sister.

Two student transfer companies
were kept busy yesterday hauling
trunks. Let us boost student service.

Homer Gordon will leave soon
for New York, where he expects to
enter Columbia University for the
coming year.

Harlan Groniger, '16, visited
friends here last week. Mr. Groni-
ger will enter the U. of I. this fall
to study agriculture.

Otto Schmelzle, who spent the
latter part of last week in Chicago,
visiting friends and relatives, re-
turned to Charleston Sunday night.

Donovan Freeland, better known
among the students as "Moriah,"
entered school today. He brought
with him his younger brother as a
new recruit.

Maurice Hampton, '15, and
Stanley Crowe, '16, are teaching in
Neoga this year. Mr. Hampton is
teaching science, and Mr. Crowe is
teaching latin and German.

Earl Anderson, '16, captain of
last year's foot ball team, will leave
the latter part of this week for Ur-
bana, where he will become a stu-
dent in the State University.

The Hunter Laundry Co., of Terre
Haute, will be represented this year
by Martin Schabrer and Frank Har-
ris. Work will be called for on
Mondays and delivered on Thurs-
days.—Adv.

Word was received from Frank
Brown and Gail Buzzard last week.
They are located at DePue, Ill., on
the beautiful lake of the same name.
The Normal School News will be
their weekly companion.

Bernice Corzine, '15, returned
from Oak Park last week, where
she went to resume her duties as
teacher in the Oak Park schools,
the schools being closed there on
account of the prevalence of infant-
ile paralysis.

Grove Butler, a former star on
the basket ball and foot ball teams
of this school, was married to Miss
Leota Coombs, August 26. They
are living at Fairview where Mr.
Butler has a position as superin-
tendent of schools.

The boys who spent their vaca-
tion working in the harvest fields of
Kansas say that it was very warm
there this summer. "Jack" Rife
says it was 118 in the shade, but no
shade. Bern Norton says that he
killed a rattle snake.

Subscribe for the school paper.

THE mirror can tell you the story of
these beautiful new *Stetsons* better
than we can—and what a *wealth of style*
there is to choose from—your formal
Derby, your dressy *Soft Stetson*, and
the easy sports hats.

Come try them on. View them front,
side and rear—note the becoming blocks,
the graceful new swing to the brims—and
their *quality*.

Our store has become the rendezvous
of many young men.

You are welcome. It's a pleasure to
show these hats, buy or no buy.
